TEXTILES

With our textile options, you can effortlessly create a neat and organized setup that keeps the attention of your audience right where it needs to be. Whether you opt for our versatile Truss covers, our Deco Molton and Hook and loop stage polyester skirting rolls or our durable Backdrops and Soundabsorbing backdrops, Admiral offers all the textile essentials you need to create the desired ambiance for your event.

KEY FEATURES

High-quality, fire retardant fabric

Made out of sturdy fabrics, our textile options have the perfect weight and they are flame retardant according to DIN 4102 B1.

Effortless setup

The Admiral textiles are all designed to be easily and quickly installed, so you can create a professional setup in no time.

Various sizes and colours

Depending on the type, our textiles are available in several widths, heights and colours.

TRUSS COVERS

With our Truss covers, you can easily conceal all the cables surrounding your truss, giving your setup a neat appearance. Made out of stretchable, fire retardant material, the covers adapt perfectly to the shape of your truss 30 for a seamless fit. Because the yarn itself has fire retardant properties, the fabric retains its protective qualities even after washing it. Our Truss covers come in two colours: black and white. They are available in different sizes: 1 m to 3 m, and even a 30 m option you can cut to your desired length.

Truss cover for triangle 30 cm black & white

BACKDROPS

Whether you're organizing a theatrical performance, a concert, a corporate event or a photography session, our backdrops are the perfect choice to create the right mood and setting for your event.

They are stronger than most backdrops on the market, but still a lighter weight, which makes this fabric wrinkle a lot less. These backdrops are made out of high quality flame retardant fabric and they are available in multiple lengths and heights.

Equipped with pre-assembled eyelets at 25 cm spaces, allowing for easy and secure hanging.

Mass per unit area:	500 g/m ²		

 Do not wash or dry clean the Soundabsorbing backdrops as this will wash out the fire retardant chemical.     

DECO MOLTON

Deco Molton is a cost-effective solution for putting the finishing touch on a portable or permanent stage, riser or platform and giving it a clean, finished look. Made out of 100% cotton, this fabric is smooth and has a slight shine on both of its sides. It can be quickly attached to any stage by taping the fabric directly onto the stage decks. The Admiral Deco Molton is available in both black and white and it comes in various heights, ranging from 20 cm up to 140 cm.

* Our Deco Molton is available in rolls of 60 meters.

** Each roll is supplied with three rolls of double-sided tape to attach the Deco Molton to your stage decks.

Do not wash or dry clean the Deco Molton as this will wash out the fire retardant chemical.

HOOK AND LOOP STAGE POLYESTER

Our Hook and loop stage polyester is a versatile, self-attaching polyester fabric that can be used to dress up your stage and hide any understructure that might be distracting. The Hook and loop stage polyester is a higher quality fabric that is smooth and lightly shiny on the front side, while its back is entirely made out of the loop part. Because it is knitted, the fabric can be cut to size without running the risk of fraying, and thus can be reused again and again. This skirting is available in black and it comes in various heights, ranging from 20 cm up to 100 cm.

Hook and loop stage polyester roll

Lengths available:	20 cm	40 cm	60 cm	80 cm	100 cm
Article code:	PORO20P	PORO40P	PORO60P	PORO80P	PORO99P
EAN code:	8720094428734	8720094428741	8720094428758	8720094428765	8720094428772

Accessories

JACK THE GRIPPER

Roll your Deco Molton with minimal effort using Jack the gripper! Jack the Gripper can be quickly attached to the Deco Molton by pushing the tool in the cardboard tube and lifting it so it clamps itself to the roll. As soon as it is securely attached to the roll, you can easily unwind your deco molton along the stage.
